

### Remarks

Claims 1 through 20 are now pending.

Various of the Applicants' claims have been amended in response to the Examiner's objections under 35 U.S.C. Section 112, second paragraph.

### Terminal Disclaimer

A Terminal Disclaimer is submitted herewith in response to the Examiner's non-statutory double patenting rejection of various of the Applicants' claims. Applicants believe, however, that a typographical error was made in that the application number cited in the Office Action of 10/651,695 is this instant application while the notation to "see corresponding U.S. 2004/0116587" refers to co-pending Application Serial No. 10/628,679. Accordingly, Applicants have provided a Terminal Disclaimer as it pertains to co-pending Application Serial No. 10/628,679. If this is incorrect, Applicants request clarification of the co-pending application under which Claims 1, 4 and 6 through 9 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting. Authorization is given to charge the fee for the Terminal Disclaimer in accordance with 37 C.F.R. Section 1.20(d) in the amount of \$110.00, or any other fees, to our Deposit Account No. 07-1725.

### Claim Objections

It is believed that the Examiner's claim objections have been remedied by amendments made to the claims.

### Conclusion

In view of the amendments made to the claims and comments herein it is contended that the amended claims are now in condition for allowance.

Respectfully submitted,
